Those claims have recently resulted in a decision by the Philippine Supreme Court which purports to adjudicate that such funds constitute ill gotten gain acquired by the former Philippine President while in public office. A review of the opinion by the Philippine Supreme Court indicates there has been no evidence presented to support of such a determination as required by the lower court judgment, the Philippine Supreme Court claims to review. It is clear that such an adjudication violates any elementary international sense of due process." -SEE NEXT PAGE, Page 345-
